When selecting the **KEY #805 ACRYLIC SEALER** color for your application, please take time to carefully consider:

1. **APPEARANCE:** Light colors tend to show more “shadow” than dark colors.
2. **TRAFFIC & MAINTENANCE:** Wheel marks and dirt naturally show up more on light vs. dark colors.
3. **SPILLAGE:** What might be most commonly spilled on the floor? Consult your **Key Resin Representative** to determine the degree of chemical resistance you may require prior to selection of the system.

Key Resin Company provides this color guide for preliminary color selection only. Please refer to a physical sample prior to making a final choice. Contact your local **Key Resin Representative** for assistance.
